

## CITY TO CHARGE FOR SAND TAKEN

MATERIAL REMOVED FROM BED OF VERDUGO WASH TO BE BASIS FOR REVENUE

## FLOOD PROTECTION

ARRANGEMENTS TO BE MADE WITH LOS ANGELES BOARD FOR REPAIRING WORKS

Supervision of removal of sand and gravel from Verdugo wash and maintenance of the protection works in the wash are authorized by the board of city trustees, provided a suitable arrangement can be made with the Los Angeles county flood control district.

It is proposed to charge 15 cents per load of two cubic yards or less for all sand and gravel removed from any portion of the wash under the control of the city.

T. W. Watson, city manager, in a communication to the trustees on the subject, says:

"The present building activity has created a large demand for sand and gravel from Verdugo wash. This is being removed constantly from all portions thereof from the vicinity of the Ross Packing House to San Fernando Road. This will help to maintain the channel but it is essential that the sand and gravel be removed in such a way as not to undermine the protection works as provided in ordinance No. 385.

"The maintenance of the protection works also requires constant attention. The brush between the piling is constantly settling and should be added to continually. This also should have supervision. It is desirable to obtain as soon as possible a growth of trees and underbrush on either side to supplement the protection works. There is a dense growth of trees on either side of the channel north of Canada boulevard bridge and for a few hundred feet south thereof. These grow naturally in that section and require no attention. In fact the wash channel there requires a clearing of willows every year in order to maintain an open passage way for the water.

### Artificial Irrigation System

"In order to maintain a growth of trees along the section of the wash from the mouth of the canyon to San Fernando Road a system of artificial irrigation will have to be installed.

"We understand that the Los Angeles flood control district is authorized to raise a sum each year by taxation for maintenance of the protection works constructed by the district. From this source there will be (Continued on Page Six)

## FALLS 75 FEET

YOUNG MAN PLUNGES FROM EAGLE ROCK BUT IS NOT VERY SERIOUSLY HURT

Going too close to the edge, R. D. Logan, age eighteen, of Eagle Rock City, fell from the top of the famous Eagle Rock Sunday afternoon and escaped with no more serious injuries than a broken wrist and a number of cuts and bruises. He fell about seventy-five feet.

Logan, with a number of others, had climbed to the top of the rock. He approached too close to the edge, slipped and plunged over. A number of people saw him fall and rushed to the scene, believing that he had been killed by the long fall. He was removed to a hospital at Pasadena. His home is at 264 Hartwick street, Eagle Rock City.

It is presumed that the recent heavy rains had so softened the ground that Logan's landing was made somewhat easier. He will soon be released from the hospital, it is stated.

## FOURTEEN GUESTS

DINNER PARTY IS GIVEN FOR MICHIGAN VISITOR BY MR. AND MRS. KIRK

Mr. and Mrs. W. S. Kirk of 1129 East Colorado gave a dinner Saturday to fourteen Los Angeles friends in honor of Irving Adams of Detroit, Michigan, who was spending the week-end with Mr. and Mrs. Carl Smith, who make their home with the Kirks, parents of Mrs. Smith.

Mr. Adams is in business in Detroit, but formerly lived in Los Angeles, and is known to several Glendale people. He hopes to come here to live in a few years.

## Ten Grammar School Buildings Now; Three Only Few Years Ago

For a city of its size, Glendale is unusually well supplied with school buildings. In the city school district there are ten grammar school buildings, including Intermediate, which has recently been enlarged at an expense of not far from \$30,000.

The finest by far of the ten buildings is the Broadway, which is modern in every respect, beautiful and stately in appearance and represents an investment of close to \$100,000.

The oldest building is that at Columbus avenue and Doran. Ten years ago the only other grammar school buildings in Glendale were those at Broadway, the old building, and the one at Colorado and Louise street. There was one, Cerritos avenue, in Tropic. Since that time two more have been built in what was Tropic—those at Acacia avenue and Maytopos, and Magnolia avenue and San Fernando Road.

### New Buildings Are Erected

In the rest of the city three new buildings have been erected in districts created for the purpose, namely: Pacific avenue, between Vine and Riverdale Drive; Central avenue, between Park avenue (north) and Dryden; Doran street, between Geneva and Glendale avenue. Also, during that time the Intermediate school has been established and the present fine building erected, and the old Broadway building replaced with the present magnificent structure.

One other building should be mentioned, also, that of the Seventh day Adventists, which is essentially a church school, and attended to its full capacity.

### City School Enrollment 2507

The enrollment of the city schools is 2507, and a principal, eight supervisors and sixty-eight teachers are required.

The Seventh-day Adventist school has an enrollment of 175, with a principal and four instructors.

Glendale Union High school, located in the center of the city and serving Glendale, Casa Verdugo, Eagle Rock, La Crescenta and Tujunga, is manned with a principal, vice principal, business manager and forty-two instructors. There is a fine group of buildings, including main building, Domestic Science hall, Mechanical Arts building and boys' gymnasium, while there are in process of erection five class room buildings, locker room and girls' gymnasium. The enrollment is 863.

## FOR BRIDE-TO-BE

MRS. W. C. REORDAN HOSTESS IN HONOR OF MISS KIRK, WHO IS SOON TO WED

Mrs. W. C. Reordan of 1129 East Colorado street entertained at a miscellaneous shower Saturday in honor of her sister, Miss Etta Kirk, who will be married in February to Edward Eaton Kent of Los Angeles. She was assisted in entertaining by her mother, Mrs. W. S. Kirk, and sister, Mrs. B. Kirk Smith.

During the afternoon the game of hearts was played, the prize being won by Miss Annie McIntyre. Grape ice, cake, mints and salted almonds were served during the afternoon. The gifts were presented in a large comforter, the four corners of which were held by relatives, and which was spread in front of the bride elect. It contained many useful and beautiful gifts.

Glendale guests were Miss Annie McIntyre, Miss Olive Livsey, Miss Janet Perkins, Miss Elizabeth Edwards, Mrs. Miner and Mrs. Harwood.

The bride elect is a teacher at the Central avenue school and will continue her work after her marriage. The young couple will make their home in Glendale.

### MUST SELL ROAD BONDS

SAN FRANCISCO, Jan. 25.—The supreme court here has granted a petition asking Governor Stephens to compel the state treasurer to place on sale the \$40,000 bonds voted for highway construction and improvement. The treasurer has refused to dispose of the bonds on the ground that some of them had been sold to the state board of control. The court held the sale irregular.

### PAYS TAX ON \$5,000,000

WASHINGTON, Jan. 25.—According to statistics of income for the year 1918, a man, identity not made public, made over \$5,000,000 in that year. It is generally accepted here that John D. Rockefeller was the man. In 1917 there were four individuals paying taxes on incomes of more than \$5,000,000.

## PRICES ON EGGS STEADILY DROP

COSTS TO CONTINUE TO FALL, IS STATEMENT MADE BY WHOLESALE DEALER

## HEAVY PRODUCTION MEASURE DEFEATED

FEBRUARY GENERALLY MONTH IN WHICH THERE CAN BE HAD FULL SUPPLY

Egg prices are dropping steadily and will continue to fall, according to R. A. Puffer, wholesale dealer, for two or three weeks yet, possibly longer.

The lowest mark reached last season was 36 cents, but that was for a day only, in February, and then the price rose slowly but steadily.

The highest figure reached this last fall, and according to W. H. Verity, who has the largest flock of poultry in Glendale, the highest ever known in California, was 88 cents.

These are wholesale prices, be it known, and the quotations are for select eggs, that is white ones, weighing 22 ounces or more to the dozen.

### Occasional Fluctuations

Both Mr. Puffer, who is a dealer several years' experience, and Mr. Verity look for as low a level this season as last and the latter says they may go even lower, as feed has declined so greatly in price. February is generally the month of heavy production in California, as April is in the east.

While the price is generally downward at this time of the year, there are occasional fluctuations. For instance, while Saturday's and yesterday's wholesale price was 51 today's is 57 1/2 cents a dozen.

### Milk May Be Reduced

It is reported that the milk dealers of Los Angeles county have agreed to reduce the price of milk two cents a quart if the producers will do likewise. It is the earnest wish of housewives that this may soon come to pass. With practically everything else in the food line coming down in price, it is naturally expected that milk will not be the only exception.

## GUESTS OF HONOR

MISS SYLVIA JACKMAN GIVEN PLEASANT PARTY AT HOME OF JOSEPHINE EMERY

Miss Sylvia Jackman was the guest of honor at a party given Saturday night by Miss Josephine Emery and Miss Anna Merriken at the home of Miss Emery, 329 North Kenwood street. The house was decorated with white lilies.

Partners were chosen in a most unique way. Two large flags containing balloons to which were fastened various colored ribbons were fastened in mid-air. When the flags were released the balloons rose to the ceiling and were caught by the ribbons. Partners were obtained by matching the colored ribbons.

### Those in Attendance

The evening was spent in dancing, games and singing. At 11:15 o'clock refreshments were served. Those who participated in the good time were:

Miss Sylvia Jackman, Mrs. Alfred Cookman, Miss Agnes Caldwell, Miss Eunice Caldwell, Miss Beatrice Volker, Miss Olive Bell Emery, Miss Ruth Waterman, Miss Anna Merriken, Miss Josephine Emery, Bob Palley, Professor Alfred Cookman, C. G. Farrow, Walter Sullivan, Clyde Claudio, Harry Merriken, Harry McClusky, George Walker and Earl Smith.

Miss Jackman is leaving next week on a trip east.

## SNOWBALL PARTY

GLENDALE RESIDENTS MEMBERS OF PARTY ENJOYING SPORT WITH MT. LOWE CROWDS

Mr. and Mrs. H. B. Miller of 434 West Burchett street, Mr. and Mrs. Wayne Smith of 519 North Maryland avenue and Mr. and Mrs. Oscar Whitaker of Los Angeles, formerly of Glendale, were members of a party who spent Sunday at Mt. Lowe.

They enjoyed a slight snow flurry, as well as snowball battles, while there. In some places the snow was knee deep. Large crowds of people were there enjoying the winter scenery and sports.

## GIVES POSITION UPON TAXATION

ASSEMBLYMAN JOHN R. WHITE IN STATEMENT REGARDING BILL OF GOVERNOR

## MEASURE DEFEATED

STATE-WIDE CAMPAIGN WILL BE STARTED AT ONCE BY INTERESTED PARTIES

Further time for consideration of the proposed tax on public service corporations was advocated yesterday in the legislature at Sacramento by Assemblyman John Robert White of Glendale.

The legislature ended the first part of its session last night and the King bill, designed to carry out the administration's wishes on taxation, was defeated on reconsideration in the assembly yesterday, lacking five votes necessary to its passage.

As a result, it is stated that Governor Stephens will stump the state during the legislative recess in behalf of the measure.

### White Makes Statement

In speaking on the bill in the assembly yesterday, Assemblyman White said:

"I came up here with the expressed determination to support any constructive program of the administration and I have not changed my attitude. This is obvious from the bills I have introduced.

"I did not believe early in this session that there was any need for the immediate passage of this proposed tax legislation. I am now convinced that my original idea was correct and that we should take further time for its consideration. I accepted the tax figures prepared by the state's fiscal (Continued on Page 3)

## DOUBLE BIRTHDAY

JOINT CELEBRATION IS HELD ON SATURDAY AT HOME OF MRS. W. E. ANDERSON

Mrs. W. E. Anderson of 1338 South San Fernando Road entertained last Saturday at a joint birthday party in honor of her husband and daughter, Mrs. Al Valet.

Games were played and a most enjoyable evening was passed. At a late hour refreshments were served to the following guests: Mr. and Mrs. George Popkin and son Joseph, Mr. and Mrs. Fred Archer and daughter Dorothy, Mr. and Mrs. George Marek, Mr. and Mrs. Charles Klammer, Mr. and Mrs. W. H. Hicky, Mrs. Celia Moniot, Harry Harris and Al Valet.

Decorations of blue and yellow flowers were used.

## FINE NEW HOME

MR. AND MRS. S. E. BLATCHLEY ARE LOCATED IN THEIR ATTRACTIVE RESIDENCE

Another fine new home on North Central avenue has been moved into a residence of six months or more in the garage in order to be close by while the work of building was going on. S. E. Blatchley and wife are the owners and occupants of the property mentioned, which is at 316 North Central avenue, and the former has done much of the work of building it.

The five rooms, which include two bedrooms, have every modern convenience, and there is also a basement. Mr. and Mrs. Blatchley designed the building themselves and have closely supervised all the work on it, so they are thoroughly satisfied with the new home.

EVERY OFFICE TO BE FILLED ROCK LEDGE, Florida, Jan. 25.—Every important office to be vacated by the outgoing administration will be filled promptly after March 4, so that the government machinery can continue without a hitch, according to the present plans of President-elect Harding.

His intention is to make appointments by March 4 for diplomatic posts, the interstate commerce commission, the federal reserve board, the assistant secretaryship and other places, so that the Senate can confirm them at once.

### OFFICIAL WEATHER FORECAST

LOS ANGELES, Jan. 25.—The official weather forecast, Tonight and Wednesday probably rain.

## DETECTIVES TESTIFY IN MRS. PEETE CASE

(Special Service to Glendale Evening News)

LOS ANGELES, Jan. 25.—In an effort to prove that Mrs. L. Louise Peete, on trial on a charge of having slain Jacob C. Denton, entangled herself in a "web of lies" in a desperate attempt to free herself of suspicion, District Attorney Woolwine today placed on the witness stand detectives to whom she related the strange story of the mysterious "Spanish woman."

Detective Sergeant Lewis Canto testified that Mrs. Peete told him the tale of the "Spanish woman" following her arrest after the discovery of Denton's body.

"Mrs. Peete told me she heard a shot and found Denton and the Spanish woman in the kitchen of his home. The Spanish woman, Mrs. Peete said, had been shot in the breast. Mrs. Peete said she dressed the Spanish woman's wound."

At the time of her arrest Mrs. Peete expressed the belief that Denton had been killed by this "Spanish woman."

## PLAN TO STUDY SITUATION IN AUSTRIA

(Special Service to Glendale Evening News)

PARIS, Jan. 25.—An allied commission to determine what must be done toward the rehabilitation of Austria was appointed today by the inter-allied supreme council. The commission, composed of one member from France, one from Britain and one from Italy, will study the Austrian situation and present a report before the council adjourns.

The newspaper "L'Intransigeant" stated today that the official program of the supreme council includes discussion of the American scheme for a league of nations. This probably refers to various reported plans of President-elect Harding's for an association of nations.

## ALMOND GROWERS URGE DUTY BE PLACED

(Special Service to Glendale Evening News)

WASHINGTON, Jan. 25.—A duty of 5 cents a pound on almonds in the shell and 16 cents a pound on shelled almonds was urged today before the house ways and means committee by George W. Pierce, representing the California Almond Growers' Exchange.

Present tariff on almonds, Chairman Fordney of the committee said, under the Underwood tariff, is 4 cents for shelled and 6 cents for unshelled.

"Unless we can get some relief," Pierce said, "the California almond growers will be forced out of business."

## OVER MILLION DOLLARS IS LOSS BY FIRE

(Special Service to Glendale Evening News)

NEW HAVEN, Conn., Jan. 25.—Fire which early today threatened to wipe out the entire business district, was put under control after property damage of more than \$1,000,000 was done.

Zero temperature and stiff winds hindered the firemen. The cause of the blaze was not ascertained.

## WHOLE CITY BLOCK DESTROYED BY FIRE

(Special Service to Glendale Evening News)

ATHENS, Ga., Jan. 25.—Fire which destroyed an entire downtown city block was placed under control today. The loss was estimated at \$1,000,000.

Explosion of gasoline drums caused the fire. Aided by the breeze, the flames spread rapidly, destroying practically every building in the block bounded by Wall and Broad streets.

## MAN BELIEVED TO HAVE BEEN MURDERED

(Special Service to Glendale Evening News)

LOS ANGELES, Jan. 25.—Shot through the heart, the body of a man believed to have been Harry A. Segner, 45, a machinist, was found today on a bench in Exposition park.

Absence of a revolver lead the police to believe that he had been murdered.

## ASKS REPORT ON NAVAL BUILDING PROGRAM

(Special Service to Glendale Evening News)

WASHINGTON, Jan. 25.—A resolution directing the senate naval affairs committee to report whether it is possible for the United States to suspend its naval building program for six months was adopted today by the senate.

## KEEP JAPS OUT IS PLEA OF GOVERNOR

(Special Service to Glendale Evening News)

SACRAMENTO, Jan. 25.—Governor Stephens has sent a telegram to governors of all the states with legislatures now in session, asking that resolutions be adopted and sent to the state department "opposing any thought of granting citizenship rights to Orientals."

## FORTY-ONE MINERS ARE REPORTED KILLED

(Special Service to Glendale Evening News)

OELSMITZ, Germany, Jan. 25.—Forty-one miners were killed and twenty-eight injured here when a wall of the Hedwig shaft in the Deutschland coal mine collapsed.

## HEARS PLANS TO PAVE BROADWAY

PROTECTIVE LEAGUE MEETING HAS GENERAL DISCUSSION ON PROPOSED WORK

## COMMITTEE CHOSEN

INVESTIGATION TO BE MADE INTO ALL MATTERS AND REPORT SUBMITTED

There was a meeting of the West Broadway Protective association last night at the home of George W. Peters, Jr., to consider the improvement of that important thoroughfare.

About twenty residents of that section were present and City Manager T. W. Watson was a welcome guest. It was decided to give immediate attention to the paving of Broadway from the end of the present macadam, just west of Pacific avenue, to San Fernando Road and the putting in of walks and curbs, then take up other matters later.

### Forty Feet in Width

This would give a paved roadway forty feet wide from Central avenue to San Fernando Road, and it is the belief of the association that the curb should be rounded off on both sides to make a wide, easy entrance from San Fernando Road.

Mr. Watson explained the procedure necessary to put through this improvement and answered many questions on the subject.

A committee consisting of J. B. Doner, W. H. Verity and T. D. Ford was appointed to investigate all matters connected with the proposed improvement and report at a subsequent meeting to be held two weeks from last night.

## BUILDING PERMITS

TOTAL FOR MONTH SO FAR IS \$119,768; NAMES OF RECENT APPLICANTS

While no large building enterprises are being undertaken now there are plenty of smaller ones. Yesterday's permits brought the total for the month to \$119,768. They were as follows:

## BIRTHDAY DINNER

MR. AND MRS. WILLIAM A. GOSS ARE HOSTS IN HONOR OF MOTHER OF FORMER

Mr. and Mrs. Wm. A. Goss of 508 East Harvard street entertained at a birthday dinner party Sunday in honor of Mr. Goss' mother, Mrs. Anna Goss, who celebrated her seventy-third birthday.

The living room was decorated with long branches of almond blossoms. Large bowls of yellow marguerites formed the centerpiece of the two large dining tables. A birthday cake covered with candles, and lots of good things to eat also adorned the tables.

The guests were Dr. and Mrs. A. L. Bryant and three sons, Hugh, Dean and Albert, Mrs. Emma Burket and son Dana, Miss Rebecca Gregg, Mrs. Nellie Wright and son Harry, Philip Goss, Wm. A. Goss, Jr., and Edith Goss and the honoree.

### SAYS \$260,000 PROPER CHARGE

NEW YORK, Jan. 25.—President E. G. Grace of the Bethlehem Steel Corporation testified today before the Congressional committee investigating the shipping board that the \$260,000 expense voucher discovered on the books during an audit was a perfectly proper charge.

It had been alleged that this voucher covered personal expenses of Charles M. Schwab and that \$100,000 of it was charged to ship construction at a time when Schwab was director of the emergency fleet corporation as well as head of the Bethlehem interests, which were building ships for the government.

### E. A. DICKINSON FOUND DEAD

Edward A. Dickinson of 728 South  
Central avenue, Eagle Rock, was  
found dead in bed Sunday morning.  
The body was brought to Pulliam &  
Kiefer's and an autopsy held yester-  
day. It was found that his death  
resulted from heart failure, super-  
induced by kidney trouble. Funeral  
services will be held tomorrow, 2 p.  
m., at the Little Church of the Flow-  
ers with interment in Forest Lawn.  
Deceased was 56 years old. He  
leaves a wife and one daughter.

### BROUGHT HERE FOR BURIAL

The body of Mrs. Kate Goodrich,  
who died at the home of her son,  
Floyd, in Grand Junction, Colo., Jan-  
uary 16, was brought to Glendale for  
burial by the side of the husband,  
who died here 2 1/2 years ago and now  
lies in Forest Lawn cemetery.

The body was brought to the Pul-  
liam & Kiefer Undertaking com-  
pany's parlors and on Saturday last  
taken to Forest Lawn where a fune-  
ral ceremony was held at the  
grave, Rev. C. M. Crist officiat-  
ing.

The body was accompanied here  
from Grand Junction by the older  
son, Floyd, and Mrs. Milton Hesse of  
Bishop, Cal., who had hurried to her  
mother's bedside when news of her  
illness came.

Floyd Goodrich was a resident of  
Glendale for several years. One  
other son is left, Ivan, who lives at  
313 Ethel. Deceased was 67 years  
of age.

## BACK FROM EAST

**JOHN F. KLANN IS HOME FROM  
CHICAGO AND TELLS ABOUT  
CONDITIONS IN EAST**

John F. Klann of 537 Milford  
street, arrived Saturday from a two-  
weeks' visit to Chicago, where he  
visited old friends and incidentally  
attended several meetings of the  
General Contractors' association. He  
says there has been no reduction in  
wages there and that the claim is  
none will be made.

While there is considerable unem-  
ployment it is mainly owing to  
the severe weather, which ham-  
pers building to a great extent,  
Mr. Klann said. He stopped in San  
Francisco on the way back and said  
that conditions as to wages were the  
same as in Chicago. He also talked  
with many farmers in Kansas and  
other central states, who told him  
they were burning corn for fuel, as it  
was cheaper than coal.

## IN NEW HOME

**MISS MARION STEELE TAKES  
POSSESSION OF RESIDENCE  
AT 416 NORTH ISABEL**

Miss Marion Steele has gotten into  
her new home at 416 North Isabel  
and is thoroughly satisfied with the  
result of all her work and sacrifices.

The house is of four rooms and is  
complete in every appointment, rep-  
resenting an investment of not far  
from \$4,000. There are two bed-  
rooms, living room and kitchen. The  
latter room has as a part of it a cozy  
little breakfast room to accommodate  
five people very comfortably and  
seven if necessary.

New York has a man engaged in  
what he says is a gainful occupation,  
who appears in the city directory as  
a tattooer of dogs. Inquiry reveals  
the fact that many owners and  
fanciers of dogs have their names  
tattooed on the dog's skin.

which is square in shape.

## Handy Andy Says:

Hardware Satisfaction is the  
natural result of selling good  
quality merchandise—that's why  
we have so many pleased custom-  
ers. The very fact that we have  
so many permanent customers  
among the expert carpenters  
and mechanics of this section  
is a good indication that our  
tools and other hardware is  
right, for even if looks  
should be deceiving it does not  
take an expert workman long to  
detect inferior quality when the  
tools are put to a test.  
You can depend on everything  
you buy here because it's guaran-

## FAVORS CAMPAIGN

**C. E. NEALE WRITES LETTER  
TO THE EVENING NEWS  
ON C. OF C. WORK**

The Evening News is in receipt of  
the following self-explanatory letter  
from C. E. Neale, who is interested  
in the movement to reorganize the  
Chamber of Commerce and secure  
new members under the plan which  
has been outlined:

Editor The Evening News:—The  
writer, who is one of the executive  
committee which has been appointed  
to reorganize the activities of the  
Glendale Chamber of Commerce, de-  
sires to take this means of publicly  
endorsing the plans and program  
that have been arranged to date.

In talking the matter over with  
various customers who have come in  
to my place of business, I find they  
do not fully understand the plans,  
and feel sure that anyone, who de-  
sires to take the time, will be able  
to understand them as well as I do by  
simply calling at the headquarters  
which we have established at 105  
West Broadway. This headquarters  
is in charge of Mr. Stevenson, who is  
directing the reorganization of the  
Glendale Chamber of Commerce. I  
am sure that each and every person  
who is interested in the development  
and advancement of Glendale, will  
not only endorse this reorganization,  
but will gladly take an active part in  
same.

### Would Benefit Citizens

A real, live and up-to-the-minute  
Chamber of Commerce will not only  
benefit Glendale but will indirectly  
benefit every citizen living here. This  
is a proven fact by the success attained  
throughout the United States,  
where every city of any impor-  
tance has such an organization. Glen-  
dale is growing too rapidly and has  
too good a name already established  
to let it come to a standstill and lose  
its prominence, simply from the lack  
of an organization such as the one  
planned.

The success of this campaign de-  
pends on each and everyone of us.  
I will do my part. Will you do  
yours?

Yours very truly,

C. E. NEALE.

### FOREIGN TRADE RECORD GIVEN

The National City Bank Foreign  
Trade Record says that the imports  
of cotton cloths in the ten months  
of 1920 are \$47,000,000 against  
\$10,000,000 in the same months of  
the preceding year and \$34,000,000  
worth of this came from Great Brit-  
ain, \$9,000,000 from Switzerland,  
\$2,000,000 from other European  
countries, and a little less than \$2,  
000,000 from Japan.

In laces and embroideries, of  
which Europe sends \$15,000,000  
worth against six and one-half mil-  
lions in the preceding year, over 1-3  
was from France, another third from  
Great Britain, and the remainder  
from other European countries, es-  
pecially Switzerland. The total  
value of cotton manufactures import-  
ed into the United States was, in the  
ten months ending with October,  
1920, \$123,000,000 against \$35,000,  
000 in the same months of the pre-  
ceding year and probably nine-tenths  
of this is European.

Other important articles chiefly of  
European origin, imported in the ten  
months are art works \$22,000,000  
against \$13,000,000 in the same  
months of last year; chemicals \$47,  
000,000 against \$24,000,000 in the  
same months of last year; wool man-  
ufactures \$51,000,000 against \$13,  
000,000; silk manufactures, of which  
about one-half are from Europe,  
\$70,000,000 against \$36,000,000;  
iron and steel manufactures \$43,  
000,000 against \$20,000,000, and  
manufactures of fibres, of which  
about one-half are from Europe,  
\$140,000,000 against \$73,000,000 in  
the same months of last year.

## GIVES POSITION

**ASSEMBLYMAN JOHN R. WHITE  
TELLS WHY HE OPPOSES  
IMMEDIATE ACTION**

(Continued from Page 1)  
agents, but after a further investiga-  
tion of the entire situation I must  
confess that I do not know whether  
the rates fixed in the bill are equi-  
table.

"I now join with those asking  
postponement, with the hope that  
careful consideration may determine  
the equities in this situation to all  
parties concerned and particularly to  
the people of California who will  
eventually pay this tax. If post-  
ponement is not granted I must vote  
against the bill."

### Governor Makes Statement

According to a dispatch from Sac-  
ramento, Governor Stephens made  
the following statement last night:

"The corporate interests are try-  
ing to shift their legitimate share of  
the tax burden to the shoulders of  
the people. If they succeed the gen-  
eral taxpayers must pay approximat-  
ely 22 cents additional on every \$100  
of assessed valuation. Such injustice  
to the people is intolerable and I  
shall bend every endeavor to prevent  
it."

The bill had previously passed the  
senate by a close vote and had failed  
of the necessary two-thirds vote in  
the assembly last week. It was  
brought up again yesterday and lack-  
ed five votes of passage.

### Extravagance Is Feared

Much of the opposition to the bill  
was based on the alleged insufficien-  
cy of the showing made by the board  
of equalization and the board of con-  
trol, and the contention that the  
measure would encourage extrava-  
gance in state government.

Assemblyman White voted for the  
bill last week, but yesterday changed  
his vote for the reasons given in his  
statement.

Paul Shoup, vice president of the  
Southern Pacific company, has re-  
plied to a statement by Clyde Seavey  
of the State Board of Control that  
Shoup "is the brains and the money  
behind" the California Taxpayers'  
Association.

He said, "I have never at any time  
attempted to steer the course of the  
Taxpayers' association, or do any  
thing to affect its policies with one  
single exception."

## REALTY ACTIVE

**NUMBER OF SALES MADE SO  
FAR IN THIS MONTH BY  
MRS. MABEL L. TIGHT**

Mrs. Mabel L. Tight, realty dealer,  
today produced plenty of evidence to  
show that real estate in Glendale is  
active and that the "bottom has not  
dropped out," as feared by a few  
who are not familiar with conditions.  
The other day The Evening News  
published a long list of sales made  
recently by a local realtor and today  
is given a list of those made by Mrs.  
Tight so far this month, the total be-  
ing about \$35,000. Here are the  
transactions:

An acre highly improved with a  
seven-room modern bungalow at 617  
North Adams street to W. T. Cook of  
Los Angeles.

An eight-room house with three  
lots, 722 East Lomita to Mr. Cotton  
and family from Pasadena.

The beautiful home at 1213 North  
Brand boulevard to H. C. Chapman  
and son of Glendale.

### To Build Hollow Tile Houses

The large lot at the southeast cor-  
ner of Orange Grove and Glendale  
avenues, on which the buyer will  
erect hollow tile houses.

Six-room bungalow at 734 Salem  
street to T. N. Smith of Philadelphia.  
"Conditions are good; the buyers  
are here; all that is required is ac-  
tivity," said Mrs. Tight after giving  
a News reporter the list of her sales  
to date.

### RECORD FOR OPENING OYSTERS

JACKSONVILLE, Fla.—John Til-  
latson, Florida hunter and fisher-  
man, successfully established his  
claim to the oyster-opening cham-  
pionship of the world at a contest  
held at Mayport, opening a gallon of  
oysters in exactly 30 minutes, which  
was 10 minutes and 9 seconds ahead  
of his closest rival. One hundred  
oyster openers participated.

Austin Tournay of Peekskill, N. Y.,  
acted as referee. "Uncle John" has  
carried the oyster-opening belt for  
the last 11 years.

"I am just as proud of my crown  
as Jack Dempsey," Tillatson said.

During September the daily output  
of gasoline in the United States was  
15,000,000 gallons, according to the  
bureau of mines.

**SANDWICH SIGNS ARE BARRED**

PORTLAND, Ore., Jan. 25.—Port-  
land is determined to stop the im-  
peding of street traffic by the litter-  
ing of the streets with blatant sand-  
wich signs for advertising purposes.  
The city council recently put into ef-  
fect an order banning all sandwich  
signs from the sidewalks and denied  
the application of the Y. M. C. A.  
for use of street signs in its mem-  
bership campaign, declaring such  
signs were an impediment to traffic.

More than 400 cars of white paper  
were required to put out the last  
issue of the New York telephone di-  
rectory, the book being more than  
two inches thick, and weighing near-  
ly five pounds.

### ARRANGE PROGRAM

TENTATIVE DRAFT OF CIVIC  
NEEDS IS COMPLETED FOR  
C. OF C. CAMPAIGN

An adequate sewer system is the  
first item on the proposed program  
for Glendale that has been worked  
out during the past week by the pro-  
gram committee named to assist the  
campaign executive committee in the  
Chamber of Commerce membership  
drive.

Three meetings of the program  
committee, in sections, were held  
during the past week, and last night  
there was a joint meeting of the sec-  
tions and the executive committee to  
consolidate the suggestions made  
and agree upon the final draft.

Other items on the tentative draft,  
favored by the preliminary commit-  
tees, are a new hotel, development of  
an industrial district, a real railway  
station, better telephone service and  
lower rates, sub-surface planning to  
prevent tearing up of pavements,  
parks, more school room capacity,  
water supply, city planning, and nu-  
merous other items.

The final program will be an-  
nounced at the civic dinner next  
Monday night.

### PLAN CUT IN PRICE OF MILK

LOS ANGELES, Jan. 25.—Reduc-  
tion of 2 cents a quart in the price  
of milk will go into effect February  
1, was decided upon by the Southern  
California Dairy association, pro-  
vided the distributors also pass on  
the reduction.

### NEW CHARTER IS SUBMITTED

LONG BEACH, Jan. 25.—The pro-  
posed new charter for this city has  
been submitted to the city commis-  
sioners by the board of freeholders.

### LOWDEN TO BE SPEAKER

LOS ANGELES, Jan. 25.—Frank  
O. Lowden, former governor of Illi-  
nois, will speak at the annual ban-  
quet of the Merchants' and Manu-  
facturers' association next Friday night  
at the Ambassador hotel. Samuel  
Shorridge, senator-elect, will also be  
a speaker.

### EXPECTS DOUBLE OIL OUTPUT

TAMPIOCO—With the activity in  
prospecting for oil by the companies  
already operating in the Tampico  
fields and by many new companies,  
the oil production in Mexico should  
double the production figure of 1920.  
This is the belief of experienced oil  
scouts who have been in the field for  
several months. The fact that the  
oil production in 1919 was but 87,  
359,533 barrels, and jumped to 155,  
000,000 barrels in 1920, in spite of  
the obstacles met during the year,  
gives indication of a big increase in  
1921. It is estimated the oil yield  
in Mexicans fields would approach  
400,000,000 barrels.

### 66 TO GRADUATE

COMMENCEMENT EXERCISES TO  
BE HELD FOR INTERMEDIATE  
AND CERRITOS AVENUE

Fifty-five members of the winter  
class of the Intermediate school and  
eleven of the Cerritos avenue school  
will receive their diplomas Friday  
night of this week when the com-  
mencement exercises will be held in  
the Intermediate school auditorium.

A varied program has been ar-  
ranged, including selections by the  
Intermediate school orchestra, ad-  
dresses and the presentation of di-  
plomas by Mrs. Arthur C. Brown,  
member of the board of school trust-  
ees.

### MEETING TONIGHT

DAUGHTERS OF VETERANS TO  
BE IN SESSION; SONS OF  
VETERANS MEET ALSO

The meeting tonight of Mary Jane  
Gillette Tent, Daughters of Veterans,  
in American Legion Hall, 610-A East  
Broadway, will be the first since the  
installation of the new officers for  
1921 and these will have a chance to  
show their mettle. Some vital sub-  
jects are to be considered, it is stat-  
ed. The Sons of Veterans are to  
meet with them and endeavor to ef-  
fect a reorganization of the Camp.  
It is expected that all the "Sons" and  
"Daughters" will be present.

### DOG GUARDS DEAD HERMIT

BOSTON—The barking and whin-  
ing of a dog on Suffolk street, Cam-  
bridge, reminded neighbors that for  
many days they had not seen Thomas  
Maher, 64 years old, a recluse, owner  
of the dog.

When officers tried to enter the  
house by forcing the door, the dog  
leaped at the door, barking and snap-  
ping his teeth viciously. The police-  
men secured a ladder, placed it  
against the sill of a window and  
climbed up. Looking in, they saw  
Maher's body on the kitchen floor  
with the dog, a handsome collie,  
standing guard over it and giving  
every indication that he would attack  
if they tried to get in.

Not wishing to kill the dog if it  
could be avoided, the officers secured  
an agent of the Society for the Pre-  
vention of Cruelty to Animals. He,  
however, had no suggestions to offer,  
so the window was broken and the  
dog shot.

Co-operative marketing has been  
tried with successful results by cat-  
tle and hog growers of Craighead  
county, Arkansas. Cattle once sold  
at from \$3 to \$6 and hogs at from  
\$2 to \$7 below the St. Louis market  
in that section.

## ACTION FAVORED

MANY BELIEVE SURPLUS FROM  
FLOAT FUND SHOULD BE  
HELD FOR NEXT YEAR

The suggestion that the surplus money, after all bills for Glendale's prize-winning float in the Tournament of Roses parade in Pasadena on New Year's day are paid, be kept intact in the bank for a start on next year's fund, is meeting with public approval.

The float committee, of which R. F. Kitterman is chairman, is arranging to wind up its work and submit its final report and then it will be known just how much money will be available for a start on next year's float fund.

### Burbank Committee Active

Incidentally, the announcement is made in Burbank that the committee having charge of the float for that city collected the sum of \$618.50 and that it has a balance on hand of \$20.46. That committee states that it favors making a display in Pasadena next year and, further, urges that the work of getting designs and other plans be started at once, "so that a lot of hurry and arrangements are not to be left to the last minute," as the matter is put. "The advertising received is of great value and has advantages that reflect great credit on Burbank," is the way the statement concludes.

In view of all the circumstances, it is presumed by many of those interested that the Glendale float committee will see to it that this city has a "nest egg" put away for next year's float so that Glendale may attempt to win the first prize three times in succession.

## PLANS CAMPAIGN

COUNTY Y. M. C. A. TO WORK  
HERE IN BEHALF OF SEX  
HYGIENE, IS ANNOUNCED

A four day campaign under the auspices of the county Y. M. C. A. for the education of parents and children regarding sex hygiene will start tonight in the First M. E. church with an address by Dr. Winfield Scott Hall of Chicago to the Federated Brotherhood of Glendale, composed of the men of all the Protestant churches of the city, on the vital subject, "Father and Son," instructing fathers how to gain the confidence of their sons and guide them into right paths to make noble men of them.

Then, on Wednesday afternoon, in the high school auditorium, Dr. Hall will speak to the ladies of Glendale. A number of these, prominent in civic and social affairs, will act as sponsors. Dr. Hall firmly believes that state intervention in eugenics has proved a failure and that the results desired can best be secured by home education.

Salt miners can wear summer clothes in blizzard weather without fear of catching cold, for colds are unknown among these workers.

## Hamilton Beach Carpet Washer

This astounding new invention washes and dries carpets right on the floor, with an action just like the human hand. Two sponge-rubber brushes rotated electrically, 500 times a minute, scrub the Hamilton-Beach compound into the fibers of the rug and instantly dissolves dirt and grime which are suctioned back into receiving pan. Above is a picture of a rug being WASHED, not merely surface cleaned, but actually and thoroughly WASHED; the transformation thus made is startling and highly convincing as the original colors show up like new. No present carpet cleaning establishment can clean your rugs like this. Many of the leading hotels and large institutions of the country are now using this machine and we have installed one in our plant here in Glendale and shall be pleased to call and give you estimates on your rug cleaning.

Located corner South Central and Riverdale  
Drive—525 Central Avenue

Home and Lot 100x150, also Adjoining Lot 55x150

## Magnificent View of Mountains

This home is known to everyone in Glendale for its wonderful hospitality. It has been the scene of many delightful affairs that will long be remembered by those who attended. Mrs. Richardson is giving up this home, as everyone knows, because she is alone and expects to seek smaller quarters.

The grounds are very attractive, being surrounded by fence—concrete base with brick pillars—covered with rose vines. There is a large concrete tennis court. Beautiful shade trees, shrubbery, flowers, and even a fish pond. Two-car garage, chauffeur's quarters. Large concrete porch a cross front of house with sun parlor at one end. The living rooms of this home are unusually attractive, the reception hall, den and drawing room are finished in Oregon pine. Beamed ceilings and a good old-fashioned brick fireplace give that homey atmosphere. The spacious dining room is finished in Golden oak, wonderfully light and airy, has handsome buffet and china cabinet combined, also a cheerful fireplace. The kitchen is ideal, extra large cupboard space. Pleasant breakfast room. Large porch with laundry trays, lavatory, broom closet and store room. Three bedrooms, unusually large clothes closets. Two baths, large closets and built-in effects. Spacious amusement room on second floor. Extra large concrete and brick basement. Gas furnace, Superbo automatic water heater.

Everything used in the construction is of the very best and will bear the closest inspection. Quarter sawed oak floors throughout. Best of hardware and exquisite fixtures. Don't wait until day of sale before investigating. Sale Positive—No limit—No reserve—a home to be proud of.

## FLOOD PROJECTS

HENRY FORD'S PAPER GIVES  
SPACE TO ARTICLE UPON  
COUNTY'S SITUATION

Henry Ford's Dearborn Independent of January 22 contained a lengthy article by J. B. Wallace on Los Angeles county's great flood control projects—the Devils Gate dam, already completed, San Dimas canyon dam, under construction, and the Live Oak, Pacoima, Big Tujunga and San Gabriel canyon dams, projected. The latter will be the largest dam in the world, 1000 feet long at the bottom and 1600 feet at the top, will impound the waters of two canyons and cost between fifteen and twenty million dollars.

### ARE PARENTS RESPONSIBLE?

CHINO, Jan. 25.—The question of whether the parents of a minor can be held responsible for the shooting and killing of three youths by the alleged careless handling of a gun, will be threshed out in the San Bernardino county courts when an unique case comes up for trial this month.

The plaintiff, Henry B. Hollingsworth, whose son, Monte Hollingsworth, was one of the youths alleged to have been killed by Harold McCreary, sets forth in his suit for \$10,000 damages for the death of his son, that the parents of Harold McCreary knew of the alleged recklessness of their son and the father of the boy was negligent when he bought the gun and permitted the fourteen year old youth to handle it. The two boys were hunting on November 3, when it is alleged Monte Hollingsworth was killed. The alleged record of the McCreary boy is as follows: Shot and killed Elery Wood on October 31, 1915; shot and wounded Wilbur Hickson; shot and wounded himself; shot and killed Monte Hollingsworth November 3, last; and is alleged to have shot into many buildings and to have broken many windows.

### FIVE POLICEMEN IN COLLEGE

BERKELEY, Jan. 25.—Five policemen from Tacoma, Wash., will attend the summer session of the University of California to take a course in criminology, according to plans announced by city officials of Tacoma. These policemen will be used as the nucleus for the establishment of a school of criminology in the northern city's police department.

## NO ACCIDENT WEEK

PACIFIC ELECTRIC COMPANY  
IS AIDING IN CAMPAIGN;  
ADVICE TO AUTOS

Every Pacific Electric single car and the first car in every train traversing Glendale's streets this week bears on its front a large, white card on which, in black letters, are these words:

"Autos, Turn Out, We Can't. No Accident Week."

So far this advice has been heeded, as no autos have been reported as trying to butt a car off the track.

## FRIGHTENED AWAY

ATTEMPT TO ENTER STORE OF  
H. H. PARKER, 401 W. DORAN,  
SATURDAY NIGHT FOILED

H. H. Parker, the grocer at 401 West Doran, was eating supper in the rear room Saturday night at 8:30 o'clock, when he heard an auto stop in front of the store, then the sound of breaking glass. Grabbing his trusty "6-gun" and rushing into the store he scared away the miscreants, who fled from the scene at a fast pace, but a little later returned.

They did not stop, however, seeing lights on in the store. They evidently had thought the store deserted and that they could break in through the window and loot it at their leisure.

## THOUSANDS OF WILD PIGEONS

MURPHYS, Stanislaus County, Jan. 25.—Thousands of wild pigeons are seen in the hills of this section for the first time in many years, according to game wardens who have visited this section. This section was once a favorite place of these birds it is said, but indiscriminate hunting drove those away not killed. The birds are now protected by law from slaughter and game wardens are said to be watching the hunting in this section to prevent molesting of the birds which are now almost extinct.

## SCHOOL MONEY

MEASURE PROVIDES ALLOTMENT  
IN EVERY DISTRICT IN  
STATE BE DOUBLED

According to advices received by The Evening News through the United Press legislative bureau at Sacramento, the amount of money allotted to each school district will be doubled and counties will be required to raise amounts twice as great as their present apportionments, by a bill introduced in the senate by Will Sharkey, Martinez. The new apportionment is \$700 per teacher from both state and county.

County school districts are enabled to have supervision of music, drawing, manual training, agriculture and physical education by a provision of the bill which allows an apportionment of \$700 for each 350 children, in addition to other state and county moneys.

### For Blind and Crippled

The bill provides special classes for blind and crippled children. Sharkey says his bill carries out the provision of Amendment 16 adopted last November. It is designed to equalize educational advantages, increasing the advantages in rural districts, declared Sharkey.

The bill is endorsed by the state superintendent of public instruction, county city superintendent, a state council of education, and California Congress of Mothers and Parent-Teacher associations.

## CITY TO CHARGE

SAND REMOVED FROM VERDUGO WASH TO BE BASIS OF PROTECTION FUND

(Continued from Page 1)

means available every year to assist in the work outlined above. This, however, might well be supplemented by the city of Glendale.

"We have discussed these matters with Mr. Reagan, chief engineer of the Los Angeles flood control district and with his approval submit the following:

### To Apply on Construction

"1. The city of Glendale to acquire by mutual consent of all parties concerned entire supervision of the removal of sand and gravel from the official channel of Verdugo wash, making a charge therefor to be mutually agreed upon. The receipts thereof to be applied on the cost of supervision and maintenance of protection works, trees, etc., along Verdugo wash.

"2. That the county flood control district is as far as funds will permit supply piping necessary for watering system, piping to be supplied this season for approximately 770 feet at a cost of about \$2000.

"3. The city forestry department to furnish trees and vines and assist in planting and maintaining same.

### City to Place Inspector

"4. The city of Glendale to place an inspector in charge of the entire wash channel whose duty it will be to see that removal of sand and gravel therefrom be in accordance with city ordinances regulating same to see that no sand and gravel is removed unless proper payment therefor is made; to regulate and supervise the placing of brush along the protection works; to assist in watering and otherwise maintaining the trees and underbrush along the protection works and to have general supervision of all matters pertaining to the maintenance of the protection works; this to be done under the supervision of the city of Glendale by mutual consent of district flood control.

"If the above plan meets with your approval we would request authorization to take the matter up with the chief engineer of the Los Angeles flood control district and interest the property holders with the view of arriving at an agreement in accordance therewith. We would also respectfully recommend that the city charge 15 cents per load of two cubic yards or less for all sand and gravel removed from any portion of the Verdugo wash channel owned or controlled by the city of Glendale."

The city manager's communication was brought to the attention of the trustees, the motion that he be given the authority to act was made by Trustee Robinson and carried unanimously.

## BRANCH LIBRARY

NUMBER OF NEW BOOKS TO BE RELEASED; BRIEF RESUME OF VOLUMES GIVEN

Charles H. Cushing, in charge of the branch library at the corner of Brand boulevard and Los Feliz Road, announces new books to be released for circulation on Saturday, January 29, as follows:

"Popular Studies of California Wild Flowers," by Bertha M. and Roland Rice, might be called the romance of the wild flower. While it is accurate in its descriptions and botanical names it also contains beautifully written legends in regard to the different flowers and the origin of their names and many appropriate gems from the great poets.

"California, Romantic and Beautiful," by George Wharton James is a very comprehensive description of the state including the history of its missions and Indians, a review of its industries and an account of its influence on prophets, poets, artists and architects. Its many illustrations are works of art in color and duogravure.

"Glimpses of California and Its Missions," by Helen Hunt Jackson was written at the time she gathered her material for Ramona. It will be very interesting to read this book in comparison with that of Mr. James to show the wonderful development and change that has taken place in the intervening years.

### Intimate Friend of Teddy

"Theodore Roosevelt," by William Roscoe Thayer is a well written biography by one who was an intimate friend.

"The Workers at War," by Frank J. Warne treats of the democratization of industry and in doing so makes a resume of labor conditions in the United States during and since the war.

"A Miscellany of American Poetry," contains illustrative bits from the work of Aiken, Frost, Fletcher, Lindsay, Lowell, Oppenheim, Robinson, Sandburg, Teasdale and Undermeyer.

"Modern American Plays," contains the complete text of the following: "As Man Thinks," by Thomas; "The Return of Peter Grimm," by Belasco; "Romance," by Sheldon; "The Unchastened Woman," by Ans-pacher; "Plots and Playwrights," by Massey.

"Crowding Memories," by Mrs. Thomas Bailey Aldrich almost makes you feel that you have been in the company of such men as Edwin Booth, Baynard Taylor, Stedman, Launt Thompson, Burdett, Howells, Mark Twain, Whistler and others.

### New Edition of Fairy Tales

A new edition of "Grimm's Fairy Tales," illustrated by Eleanor Abbott will delight the children.

"The Boy Scouts' Year Book," is full of useful bits of information and good stories.

"Football Without a Coach" is a graphic description of that game with diagrams of the plays.

"Misunderstood Children," by Elizabeth Harrison is something every mother should read. It is a collection of delightful little stories from real life.

### New Fiction on Shelves

"Erskine Dale, Pioneer," by John Fox, Jr. The hero of this story was raised among the Indians and is a splendid type of the early pioneer.

Of St. John Ervine's "Foolish Lovers," Prof. William Lyon Phelps says, "I have read the 'Foolish Lovers' with much zest. It is a charming story, full of wit, humor, penetration and tenderness. It cannot fail to give happiness to its readers."

The same critic says of "Main Street," by Sinclair Lewis: "One of the best American novels of our time."

"Winds of Chance," by Rex Beach is a story of the gold rush in Alaska.

"The Son of Tarzan," by Burroughs completes the Tarzan series.

"The Purple Heights," by Marie Oemler, is another southern story which will doubtless prove as popular as "Slippy McGee," by the same author.

On a farm near Spartanburg, S. C., fruit trees set in dynamite craters have had a yield five times as great as that of trees set in spade-dug holes in the same orchard. Cotton and corn also have been grown on land worked by means of explosives with excellent results.

There are several varieties of wasps, which, when they lay eggs, surround them with caterpillars, in order that the young, when they appear, may be well supplied with food.

## PROGRAM PLEAS

CHORAL SOCIETY OF SEVENTH-DAY ADVENTIST CHURCH IN SESSION IN FORD HOME

Mr. and Mrs. I. A. Ford of 215 North Adams street entertained the members of the Choral Society of the Seventh-day Adventist church Saturday night, there being a goodly number present as usual. Committee reports and transaction of business occupied a considerable portion of the time, after which an interesting program was rendered as follows:  
Piano duets, "Capricante" march de concert by Paul Wachs and concert polka by Lansing, Mrs. Wm. J. Johnson, Mrs. C. E. Swartsfager.  
Vocal duet—selection from "David the Shepherd Boy," by C. H. Jones and E. A. MacDonald.  
Reading, "Music Makes Me Happy," Mrs. H. R. Harrower.  
Vocal solo, "Calvary," by Mrs. Elfrida Franklin with violin accompaniment by Mrs. Swartsfager.

### Play Upon Musical Terms

"Questions and Answers"—a play upon musical terms conducted by the president, Mrs. Brandstater.  
Vocal solo, "Mammy's Lullaby," by Mrs. A. Van Tassel, with violin obligato by Mrs. Swartsfager.  
Solo, "I Love You Truly," by Merton Johnston.  
"Fads of Musicians," a reading by C. H. Jones brought to light the interesting information that Richard Wagner's fad was dogs; that of Joset Hayden, fine clothes; F. Mendelschn, sketching; John S. Bach, lithography; Robert Schumann, literature; Verdi, farming; Rossini, cooking; Tracy Listz, the ladies; Chas. Gounod, theology; Joseph Hoffmann, autos and mechanics; I. J. Paderewski, billiards and poultry; Enrico Caruso, caricature and sculpture.

The closing number was a reading by the president on the importance of thoroughness in choir work. Refreshments were served and the hostess for the next meeting, Mrs. Van Tassel, invited all to be on hand at 110 North Cedar street, February 19.
